Seawall, countywide funds near breaking

Problems evolving from two near-bankrupt county funds turned an otherwise serene meeting of the board of supervisors Monday into a morning of unresolved confusion.

Among the worries were the county-wide road and bridge fund, drained to the fullest between its monthly payroll and repayment of an inter-fund loan; and the seawall maintenance fund which started out with \$16,000 in the bank, lent \$8,000 to put in operation the county patrol for the NASA installation and had an \$11,000 claim docket to meet.

Secondary to these was the county general fund, virtually broke perennially, which now has enough to meet the February docket but not enough for March bills. Only one matter was disposed of and that by a 3-2 margin dismissing Joseph Robert Lodner from the seawall force as mud-jack man, a position created last month at the suggestion of Beat 1 Supervisor H. G. Dean because of the allegedly deteriorating condition of the seawall.

Completing arrangements for the county patrol for Mississippi Test Operations, payment was authorized to Hoagland Ford for the vehicle and pick-up truck on which he was low bidder of \$3,664.06, and the \$8,000 was transferred from the seawall to carry initial capital expenditures and salaries.

The newly created Hancock County Port and Harbor Commission was sworn in with \$5,000 bonds for each member approved.

Its first formal meeting was at 7:30 p.m. next Thursday in the Courthouse. Hubbard passed on to the commission communications from Congressman William Colmer on East Pearl River dredging.

An ad valorem tax exemption was approved by Mrs. Bea Georgi.

AUGUST HOLDEN

BULLSEYE ZENGARLING

3 announce for office in primary

Three more candidates for office in the August Democratic primary announced this week as momentum appears on the upswing.

August Holden of Napoleon joined the list of aspirants for the State Senate seat shared by Hancock and Pearl River Counties, third to formally enter the race here although several were announced in Pearl River. He is a poultry farmer and Baptist minister and has been active on the Mississippi Test Operations Property Owners Committee.

First to formally announced for sheriff and tax collector is Hubert (Bullseye) Zengarling of Bayou LaCroix, county bulldozer operator who ran third in the race for that post four years ago. Two others have said publicly they will run.

Jay Warner of Carroll Avenue entered his bid for one of Beat 5's two justice of the peace posts. He sought office as sheriff about 12 years ago.

18 more tracts closed for MTO

Eighteen more tracts in the MTO buffer zone were acquired during the week by the Corps of Engineers at a cost of \$85,878. They totaled 46.68 acres of which only 4.98 was by outright purchases, the rest being easements. They are:

Anthony P. Catalano, .30 acres, \$220; Donald R. Bach, .17, \$367; Joseph C. Gouzen, .43, \$1,400; Ford W. Ross, .76, \$1,850; Cyril R. Todaro and S. F. Gondolfi, .56, \$475; Clarence M. Molton, .67, \$3,153; Helen I. Marshall, .51, \$2,220; Severin Samuelsen, .16, \$253; Orfin Guera, III, Juanita Angelica, both .17 at \$300; Juanita Angelica and Morris Gros, .09, \$150; Morris Gros, .17, \$300; Harry L. DuPont, .34, \$690; Joseph C. Hamann, .17, \$400; Mrs. Josephine G. Adams, .29, \$600; and easements, Wallace L. Chevis, 14, \$17,200; Archie McQueen, 7.71 at \$36,700 and 20 at \$10,300.

Also on the NASA front the board heard a report from Russell Elliott, who was appointed its delegate on a recent fact-finding trip to Huntsville, Ala., home of the Marshall Space Flight Center which will govern activities at Mississippi Test Operations.

He cited the pupil problems of the Madison County, Ala., school system between growth, building classrooms and continued annexation of fast-growing areas by the city of Huntsville. He also noted successful

Executive June 1st. OPEN Tuesday thru Sunday

Well it's begun just as it does about this time each year... more or less depending on the weather and last Friday, Saturday and Sunday were about as perfect temperature-wise as is possible—so we mean the annual influx of weekenders who have been coming in larger numbers each week but we imagine the shortage of parking space on Coleman Avenue Saturday comes as something of a shock to residents who have been in the area for only a few months. For your benefit, we'll give a brief rundown on what may be expected from now until Labor Day. From Easter until June 1, it will only be on weekends, then when New Orleans schools close for vacation, all week also—the population will appear to at least double, this is much more noticeable in Carroll and Clemmons Harbor, although a number of "summer" people over here in the Bayou will be back this year, will be reduced to a small's place as children dash unendingly back and forth across the streets a general procession of boats on trailers ply their wacky way and the several will be almost a solid mass of fishermen and craftsmen. Don't think we're complaining—the crowds brings the area back to life and we like 'em all EXCEPT those more than half of our total. Those are the ones who think our streets are garbage disposal units as well as rest areas; that just anywhere is an ideal shooting range for their darts armed with bb guns and frequently rifles, who bring pots and pans, usually female, and temper them all manner and leave them and inevitable offspring at the mercy of the elements come September, cut grass preemptively at 5 a.m., on Sunday morning and never, but never lower their voices below a scream—furthermore they're in the minority and usually rent a house for one or two weeks—then depart leaving the property a shambles and numerous nervous wrecks. Anyway here's a happy welcome to all except the above mentioned pests... glad to have you back!

A very happy birthday wish goes to Ethel Cox who celebrated Sunday, March 31, and to Ray Bordages—he and Elaine Davis celebrated Thursday, March 28.

Get well wishes

We'll also send a hope you're much better soon messages to one of our favorite people—Kenneth "Poppy" Peppermint who spent three days last week in New Orleans undergoing tests... and to Mrs. Bjorn Lister—another fat victim.

Rev. Kenneth Buttendorf of Cleveland, Ohio, visited his parents there to meet Father O'Brien for the first time and dedicated the new church which is nearing completion.

Former Waveland Remo Necarne and wife Audrey were hosts and guests of Eloise and Tom Hayes.

Tough luck victims

Faye (Mrs. John) Buffin truly has our sympathy—charity after the broke 200 in league boxing competition, her doctor advised her to forego any strenuous exercise as she may have suffered on attack of rheumatic fever. That's really tough luck.

Raymond Starling is another in line for sympathy—Richard Lassie, a member of the U. S. Air Force, has been shipped to England.

G. T. Moreau of New Orleans and Waveland (he owns the lovely home on the corner of Parve Lane and Gordon Street) has purchased Community Super Mart in Pass Christian. He will be continuing to the store by his wife and brother and sister-in-law, Mr. and Mrs. Henry Moreau.

Dee and Paul O'Donnell and son Dary, wedges in their Beach Blvd. home. They'll be permanent residents as soon as their New Orleans residence is sold.

The television show, The Answer, on WBL-TV at 8 a.m. Sunday was not only written, but also directed by Ted Perry, telecast son of Gertrude Perry. Ted is affiliated with the Southern Baptist TV and Radio network, Ft. Worth, Texas.

Hear that all is going well at rehearsals of Come Blow Your Horn... the upcoming Little Theater presentation. Those who won't be seen on stage, but are working like beavers behind the scenes are N. L. Carter and Capt. Harold Powell who are assisted in set design by Rosemary McFarland; Ann Adams who's doing stage dressing; Bill Thomas, he'll be charge of lights and sound effects helped by Rickey Stechmann; Ezelle Long, Laurie Kiefer and Beverly Stechmann—they're prompters; Margie and Sidney Wood, make-up artists; Mary Louise Stern and Marguerite Powell are in charge of props and Caroline Kiefer is of course, directing. Think Bay-Waveland Yacht Club members including chairman,

Margaret Holden were a bit surprised by the enthusiastic turnout at last Wednesday's style show and tea to benefit Hancock General Hospital Auxiliary. Models Evelyn Weston, Garry Kelly, Rosemary McFarland, Margaret Shultz, Winnie McDonald, Clara Suzanne, and Mrs. John Lovens were lovely in new spring outfitts complemented by harmonizing accessories and costume jewelry. Shirley Whitlow, Auxiliary's buyer, who supervised the affair looked like a model herself in a stunning black outfit accented by her black patent trimmed white pumps. Dee Kersman introduced the models and described their outfitts. As we viewed most of the proceedings through the lens of a wide-angle perspective camera, we can only state that this season, the overall appears to be a bright fresh color and shiny, shiny dress.

Guess who's going to be grandma? Edna Yarborough, which will also makes her husband, star softball pitcher, Claude, grandpa. Brother Sally and husband Donald Rohr anticipate their first visit this month in September.

More short news—Fran and Albert Piazza's first child, a daughter Tracy Michele, was born in Louisville, Ky. on March 15, weighing seven pounds, 11 ounces. Albert will drive to Kentucky to bring his baby sometime next month.

Margie and Jay Lassie had a grand Sunday Margie's son, Lee Rovin, his attractive wife Sandra and small sons Dennis and Darren. Darren was so interested with the water that Margie got more than a little wet retrieving the young man. Margie and Jay's new home is now just about three weeks from completion. It really is going to be quite a dwelling with four enormous bedrooms, three baths and paneled walls throughout.

Birthday time

Happy birthday greetings go to three young ladies—little Lois Van Favre, daughter of Dolores and Joe Favre, and April Ann Bernard, Jean and Alvin Bernhard's little one, celebrated her parties for relatives and a few close friends Sunday, and Felice Bellere, Jean and Brewster's next-to-youngest, had her cake Monday.

Just received news of another April Fool's Day arrival—Marie and Gerald Favre's first grandchild, a son, arrived at Tinker AFB hospital, Fort Polk, La., weighing a whopping nine pounds, 13 ounces. Private and Mrs. Gerald Favre, Jr., are the proud parents.

Jean and Johnny Lange will celebrate their fifth child and third son Theodore John, born March 13, at Gulfport Memorial, he weighed seven pounds, 5 1/2 ounces.

Biting like mad

Fishing news gets better and better—the Long reports that red snappers are biting like crazy at Empire and John McCloskey informed us they're catching some nice specks of both the railroad and automobile bridges. He also passed on the information that the technical name for spotted trout is weakfish—this in reference to the tenderness of their mouths—not their pole fighting ability.

Glad to hear Marie Artis Bourgeois, son of Neil and Eddie Bourgeois suffered nothing worse than a burned throat after accidentally drinking household ammonia at his New Orleans home last Wednesday. He was

Easter egg hunt for OLG pupils

Plans for an Easter egg hunt for children of Our Lady of the Gulf Parish School and those we expect to attend there along occupied the Parents Club at its meeting March 21 with Dr. M. D. Herne presiding.

Mrs. John Schima will be chairman for the hunt as well as for a cake sale for the club Easter Saturday at Jimmy-Jungle.

Funds were voted for purchase of new playground equipment and musical arithmetic records. Mrs. Francis Shippy will be chairman for the annual Penny Party on April 25.

Mrs. Fresh Leggards reported on progress of the library project and noted especially for more primary grade books.

And Main Street?

We can be just about as mad at our city government as most, even if normally we think they do a good job and we'll be doggoned if we'll comment on the proposed zoning ordinance except to say we hope they adopt one. We are again going to comment on lesser matters.

Two of our New Year's requests they have done something about. They have made Cue and Gex Street one way and they have made a start on giving the kids a sidewalk from the highway to North Bay Elementary.

That is all to the good and the mayor and commissioners are probably due thanks for at least getting started, something apparently no one can get the county's board of supervisors to do, but aside from a casual thanks we want to again bring up another of our New Year's requests—Main Street.

Repeatedly we, along with NASA officials, have suggested that Main Street be made one way. As it is even two top flight drivers have difficulty passing each other and no place in town has as much automotive traffic as does the post-office which is located mid-way of Main Street's hazardous stretch.

Anyhow one-waying that stretch of Main Street is apparently not being considered but widening it is being. Except for cost, that is a better solution, but let's have some solution before the problem becomes an issue in the next campaign for city office.

MASONIC TEMPLE BUILDING - TELEPHONE HOMESTEAD 7-4031

Bay St. Louis, Mississippi

April 4, 1963

Dear Friends:

The first minutes of the first meeting of the founders of this Association did not indicate the date but it did show that the meeting adjourned to meet next on Saturday the 1st day of February AD-1890.

The first Board of Directors elected were Dr. R. J. Turner, John B. Fahey, J. F. Cazenave, George Planchet, A. F. Cameron, A. A. Ulman and Roger deMontluzin. When you dug out your old photographs last week did you find a photograph of either of these gentlemen? If you did, hold onto it, it may be valuable.

The first officers of the Association were Dr. R. J. Turner, President, John B. Fahey, Vice President, G. W. Ellis, Secretary and George Planchet, Treasurer.

The earliest records did not indicate where the first meeting place of the Association was but indicated that it was held at the office of one of the members. Later meetings were held at the home of John A. Breath who was then secretary.

Next week we will continue.

Yours very truly,

Miss Edwards is dead at 90

Miss May Hicks Edwards, 90, last surviving daughter of a pioneer family in Hancock County who played a leading role in the educational and cultural activities of the area, died early Sunday at Gulf View Haven where she had resided for the last eight months.

The funeral took place Monday morning from Reimann's Fahey-Whitfield Funeral Home with Rev. Schuyler Banson of First Baptist Church, Biloxi, officiating. Burial was in the family plot in Cedar Rest Cemetery. Pallbearers were Dr. Edwin Edwards of Jackson, Tenn., James Edwards of Gulfport, Benjamin Edwards of Baton Rouge, nephews of Miss Edwards; J. RODEO PRINCESS -
Kay Dorich, Bay High senior, has been appointed by Mayor Garfield Laderer to be Wave-land's princess in the annual Deep Sea Fishing Rodeo.

Teen Times

O. K. Kiddie enough is enough—we're talking about what's now become the annual spring pastime locally referred to as rolling. This to the few who may be unfamiliar with the term, consists of either purchasing or swiping from the linen closet, a number of rolls of bathroom tissue and liberally draping same on lawns all over town. We've heard some comment that such behavior is depraved, disgusting and other such words—it really isn't all that bad, but it has ceased to be amusing. It's pretty discouraging for someone to walk all year on a yard and just when everything is blossoming, discover it littered with hundreds of yards of paper which due to its thinness, must be removed shred by shred. We think you can find something more constructive to pass the time—if not, go play in traffic!

Local college students are distinguishing themselves at the colleges of their choice. Carol Western who made the dean's list at the University of Southern Mississippi for two semesters was one of 20 freshmen initiated into Alpha Lambda Delta, women's honorary scholastic sorority.

Listed on the A and B honor roll at PRJC were Ann Calhoun, Linda Mazarakis, Kathleen Schaefer and James Walters. Ann, Kathleen and James graduated from Bay High last May, Linda, from SJA.

Lars Phillips, a Stanislaus graduate, is treasurer of his fraternity, Kappa Sig, at the University of Mississippi.

Bay High seniors attended senior day at Pearl River Junior College last Thursday. Ted Lehmann was one of eight winning scholarship awards on the basis of highest scores on the high school achievement test.

Speaking of tests, Linda Munch, a junior, had the highest grade of 24 juniors and seniors taking an 80 minute mathematical achievement test at SJA March 18.

Many local healthy and group of friends were selling cakes in front of Jimney Jungle Saturday—proceeds will of course go toward her campaign for May Festival queen. Cheryl Ming, Joy Peterson and Paula Favre were doing likewise in front of Haverty's for another candidate, Mitz Blache who is Cheryl's "big sister".

Good wishes go to Buddie Wilson, a pneumonia patient in Marine Hospital in San Diego, Calif., where he is taking basic training.

Another Marine, Robert Steffel, having completed boot camp, is spending his leave with his parents, Mr. and Mrs. Alton Steffel.

Faye Mont is now employed at Bay Bowling Center.

MOTHER-DAUGHTER GAME

Anita Gianni, daughter of Capt. and Mrs. Virgil Gianni of Pass Christian and candidate for Spring Festival queen at St. Joseph Academy, will sponsor a mother-daughter basketball game at 7:30 p.m. Friday at SJA gymnasium.

FOR**

State Senator

HANCOCK & PEARL RIVER COUNTIES

AUGUST HOLDEN, a lifelong resident of Pearl River and Hancock counties, has announced his candidacy for the office of Senator in the District, composed of Pearl River and Hancock counties, in the August Democratic Primary.

Holden, a 50-year-old resident of Route 1, Picayune in Hancock county, was an athletic star in his school days, and later taught school as a Baptist minister and operated a poultry farm.

The statement follows:

"After much prayerful consideration, I announced to my friends my candidacy for Senator of Pearl River and Hancock Counties. I have been working hard and planning for this opportunity since 1927 just after high school graduation.

"I began my grammar school work at Logtown. Since there was no high school available in my community, I entered Pearl River Agricultural High School where I finished with honors and graduated from Pearl River Junior College.

"In high school and later in college, I lettered in football and basketball and served two years as captain of our football team. I received the honor of being elected to the Student Government.

"Having college, I taught school 20 years in Pearl River and Hancock Counties. I then entered the ministry and served the Church of Mississippi several years as State Missionary. Finally, I served 17 years as clerk of the Baptist Association of Pearl River and Hancock Counties.

"In my mission efforts I was used by the Lord to organize churches. I am now serving as clerk of the Coast Baptist Association. I am a member of Diamond Lodge No. 393, F and AM, in Picayune.

"I have been a successful poultry farm operator for 20 years. I have been active in securing better roads, schools, churches, hospitals and telephones for my community and have reared eight children.

"My work and the success of my past life speaks for itself in political, civic and religious activities. This completes the qualifications relating to my qualifications to serve as your Senator for the next four years."

Since I am now being displaced by the Federal Government, cause they are acquiring this area for a test site for the Saturn rocket, my time will be available to serve you good people of Pearl River and Hancock Counties. I humbly solicit your support and appreciate your efforts in my behalf."

Sincerely,
AUGUST HOLDEN

Legion juniors plan cake sale

Plans were made for a cake sale next Friday, April 12, at Jimney-Jungle when the American Legion auxiliary junior group met last Thursday at the Legion Home.

Several other projects were discussed and the balance of the meeting was spent making Easter baskets and favors for patients at Hancock General Hospital.

Polly peers...

(Cont. from Page 2.) rushed to Brown-McLardy Clinic and is recuperating nicely as is his grandmother, Mrs. Alton Steffel who was released from a New Orleans hospital last week, after undergoing surgery.

The John Moores weekended at their Hartsid Drive home.

Laurent Kergosien insists real estate sales have leaped since he purchased his shiny new automobile. . . Wilson Webre is also sporting a goodlooking new vehicle, as is Father John O'Brien.

Jenny and Frank Trapaud were Ralph Dupont's hosts when he referred boxing matches here last week.

We want to offer apologies to Terri Moran—by an error, probably typographical, her name was omitted from Christ Episcopal Day School's senior grade honor roll in last week's paper. She studied diligently to earn the honor and certainly deserves to have her name mentioned.

Deepest sympathy is extended to Marie Lyons on the death of her husband, Clifford, who passed away at Hancock General Sunday.

The Munch family held a reunion at Sara and John Munch's lovely Waveland Avenue home Friday, March 22. Present in addition to the hosts and daughter Linda were Joe Munch of Laredo, Tex., Mr. and Mrs. Herbert Munch (brothers, naturally) and a sister, Mrs. Regina Blackman, all of Mobile, Ala. The only member of the family missing was Albion Munch, a druggist who was unable to leave his place of business in Plateau, Ala.

**Pink ladies
vote \$162
for new unit**

First payment of \$162 toward the positive pressure machine for Hancock General Hospital was approved by the auxiliary at its meeting Monday with Mrs. Ben Hille, president, presiding. Total cost of the apparatus is \$481 which will be spread over three installments.

Mrs. Lewis Hart, director of nursing, announced the American Legion and Jaycees will co-sponsor the oral Sabin polio vaccine program in the county this month and Mrs. Lucille Weeks reported on the recent workshop in Pascagoula, noting the auxiliary should get to know the hospital and its personnel more thoroughly.

Plans were discussed for open house at Hancock General during National Hospital Week May 12-18. Mrs. Bettye Hill, newly appointed hospitality chairman, will be in charge of the Pink Ladies participation, assisted by Mrs. Marion Oestad.

Appreciation was expressed to students of Valena C. Jones School for the St. Patrick's Day favors they made for the hospital. American Legion Juniors will provide favors for Easter Sunday.

Messmates Basil Cockshot, W. Wolf and E. A. Lindsey were welcomed as new members. Mrs. Weeks will conduct an orientation class for the new group at 2:30 p.m., April 18.

Members scheduled for hospital duty were reminded to contact their chairman in case they cannot serve: Mrs. E. E. Price, morning hours; Mrs. Hill afternoon, and Mrs. Leo Seal, evening.

County schools...

(Cont. from Page 1) legislation secured there to provide state and federal aid on the basis of current enrollment rather than the present average daily attendance scheme of Mississippi which grants aid on the basis of the previous session's records. Elliott added that conservative estimates are that some 2,400 school-age children are anticipated from MTO in this area.

Bear 5 Trustee E. P. Orte urged that the board get together with the state to plan ways of handling the influx. "Unless we do something now we'll be in bad shape," commanded Trustee S. P. Powell of Bear 4. On Powell's motion, seconded by Luis Necaise of Bear 3, Elliott to accompany McCarty and the board's attorney, W. J. Phillips, to Jackson to confer with the state department on the matter.

Superintendent McCarty reported Fred C. Naylor, executive secretary of the State Education Finance Commission, had phoned about some problems over an allocation to the four-classroom addition at Hancock North Central and said he and Dalton B. Spours, architect, are to go to Jackson on that matter within the week. Trustees commented that the NASA picture makes that project even more vital.

In other action, Phillips reported on negotiations with the Corps of Engineers over the Logtown School which is in the MTO buffer area and McCarty and Penton were authorized to set up a drivers' education course at HHS.

Next meeting is April 11.
